LET'S GET STARTED

▶ GENERAL INFORMATION

Let's get started is a preparatory semester for international applicants.

Prerequisites:

- University entrance qualification
- German language level minimum: completed B1 Level according to the CEFR

Proof required!

Target group and course description:

Let's get started is designed for international applicants, who hold the university entrance qualification, but do not yet have enough German knowledge for university admission in Germany.

The goal of the program is to prepare students for undergraduate studies (in a technical field) in Germany; whereby, emphasis is placed on the subject German as a Foreign Language. In addition to linguistic and technical language knowledge, the program provides students with the necessary technical skills as well as basics in the core subjects of Mathematics, Physics and Information Technology. The program is also open to students interested in studying business.

The goal is to eliminate (technical) language deficits and to pass the telc examinations, which are officially recognized examinations required by all German universities. It is, at the same time, a prerequisite for studies in the German language.

Courses:

- German as a Foreign Language (DaF), with more than 500 lessons* in the morning
- DaF tutorials with over 80 lessons in the afternoon
- Technical tutorials in block lectures
 - 30 lessons of Mathematics
 - 30 lessons of Physics
 - 30 lessons of IT

Workshops:

- Intercultural training and team building
- "Study with success" (techniques on time management and scientific working methods)

*1 lesson = 45 minutes

▶ DATES

Let's get started takes place annually during the summer semester from mid-March to August.

Due to internal restructuring, registration will next be available for March 2026.

▶ COSTS

€ 1800:

This price includes all the costs for the language classes, technical tutorials and workshops from March to August.

€ 1600:

This price includes language classes but does NOT include technical tutorials.

The telc examination fees are NOT included in the prices listed above.

If necessary, the course fee can be paid in installments.

After receiving confirmation of registration for the program, please transfer a down payment as soon as possible. After payment has been accepted, you will receive further information as well as an official letter of admittance, which you will need in order to apply for your visa.
