The Database Information System (DBIS) lists databases licensed by the library as well as freely accessible databases. It contains general information about the database and important details about the respective access conditions. The databases can be accessed automatically within the campus network. Outside the campus, a VPN connection is required.

Clicking on the database title provides information about the database and the access conditions.

campus network

^ Access information

Access Type	Access via authentication methods (Local University Network)
Access link	http://webofknowledge.com/
Description	Note: THD licensed the following: Grants Index (1953-), KCI-Korean Journal Database (1950-), MEDLINE (1950-), Preprint Citation Index (1991-), ProQuest Dissertations & Theses Citation Index (1673-), SciELO Citation Index (2002-)
Usage	licensed for the University Library Deggendorf and searchable in the university network
Usage (long description)	Available in the university network via LAN (stationary computers, DIT research PCs), WiFi (mobile computers, eduroam network) and VPN (remote access for university members).

If you have any questions about the database or licensing, please contact bib-service@th-deg.de

Access is usually via the campus network or VPN. The access method may differ for some databases.

Link with registration

^ Access information

Access Type	Individual registration required (Link with registration)
Access link	https://rsw.beck.de/beck-online-service/services/studenten/studenten-2fa
Usage	outside campus / with VPN access only with 2-factor authentication after registration
Requirements	Outside campus / with VPN access only with 2-factor authentication IMPORTANT: to set up 2FA for the first time, you must be in DIT network with your device (e.g. PC in the library or Eduroam WLAN)

Campus network without VPN

^ Access information

Access Type	Access via authentication methods (On-Site Access)
Access link	http://beck-online.beck.de/
Host	Beck
Usage	licensed for the University Library Deggendorf and searchable in the university network (not VPN)
Usage (long description)	Available in the university network via LAN (stationary computers, DIT research PCs), WiFi (mobile computers, eduroam network) but not with VPN (remote access for university members).
Requirements	On computers on campus or in the Eduroam WLAN automatically without login. Outside campus / with VPN access only with 2-factor authentication IMPORTANT: to set up 2FA for the first time, you must be in DIT network with your device (e.g. PC in the library or Eduroam WLAN)

Access is usually via the campus network or VPN. The access method may differ for some databases.

Local Licence (Local License)

[Shibboleth \(institutional login\)](#)

Access Type	Access via authentication methods (Shibboleth)
Access link	https://funding.myresearchconnect.com/
Usage	Shibboleth (Login via your institution)
Usage (long description)	Select the Deggendorf Institute of Technology (THD) and then log in with your THD user account.

^ Access information

Access is usually via the campus network or VPN. The access method may differ for some databases.
